Sir:

In response to the Office Action dated August 6, 2002, please consider the following remarks.

IN THE CLAIMS

Please substitute the following clean text claim for the pending claim of the same number.

1. (Amended) An electrostatic discharge (ESD) protection circuit, suitable for use on the I/O pad, the ESD protection circuit comprising:

a silicon controlled rectifier (SCR) circuit, which comprises a first connection terminal, a second connection terminal, and a third connection terminal, wherein the first connection terminal and the second connection terminal are respectively connected to the I/O pad and a ground voltage, so as to discharge the electrostatic charges; and
